The project includes:*

#### **Electrical Fittings Supply and Installation:**

*Drawing and implementation of Main & Sub-Main Lines, Installation of Electrical Medium Voltage Switchgear, Deployment of Distribution Boards (DB's), Installation of Main & Sub-panel Boards, Setting up of Air Conditioning (A.C.) units.*

#### **Audio-Visual Equipment Setup:**

*Supply, Installation, Testing & Commissioning of Audio-Visual Equipment, Integration of a state-of-the-art Video Conferencing System and Network infrastructure implementation to support audio-visual systems.*

#### **Power Infrastructure:**

*The renovation aims to transform the Auditorium Hall into a modern and technologically advanced space suitable for academic, cultural, and administrative events. The integration of advanced electrical systems ensures a reliable and efficient power supply to support the various electronic components within the facility.*

*The Audio-Visual Equipment and Video Conferencing System installations are geared towards enhancing the hall's capabilities for hosting presentations, seminars, and conferences. A robust network infrastructure will support seamless connectivity, facilitating effective communication and collaboration.*

*The project adheres to the highest standards of safety and efficiency in line with the requirements of a prestigious institution like the National Law University. Upon completion, the renovated Auditorium Hall will serve as a focal point for academic and cultural activities, providing an enriched experience for students, faculty, and visitors alike.*

*The Supplying, Installation, Testing & Commissioning processes will be carried out with precision and attention to detail, ensuring the successful integration and functionality of all components within the specified timeline. The result will be a modernized and fully equipped Auditorium Hall contributing to the overall excellence of the National Law University Shillong.*

*The Rate followed in the estimate is as per PWD Schedule of Rate for internal and external electrification works in the State for 2021-22 and as per Quotation by Riwot-oo-susngi.*

### Market Rate Analysis

Providing and fixing factory made uPVC white colour casement/casement cum fixed glazed windows comprising of uPVC multi-chambered frame, sash and mullion (where ever required) extruded profiles duly reinforced with 1.60 ± 0.2 mm thick galvanized mild steel section made from roll forming process of required length (shape & size according to uPVC profile), uPVC extruded glazing beads of appropriate dimension, EPDM gasket, stainless steel (SS 304 grade) friction hinges, zinc alloy (white powder coated) casement handles, G.I fasteners 100 x 8 mm size for fixing frame to finished wall, plastic packers, plastic caps and necessary stainless steel screws etc.

SUB HEAD : 9 - WOOD & PVC WORK 684 Profile of frame & sash shall be mitred cut and fusion welded at all corners, mullion (if required) shall be also fusion welded including drilling of holes for fixing hardware's and drainage of water etc. After fixing frame the gap between frame and adjacent finished wall shall be filled with weather proof silicon sealant over backer rod of required size and of approved quality, all complete as per approved drawing & direction of Engineer-in-Charge. (Single / double glass panes and silicon sealant shall be paid separately). Variation in profile dimension in higher side shall be accepted but no extra payment on this account shall be made. Note: For uPVC frame, sash and mullion extruded profiles minus 5% tolerance in dimension i.e. in depth & width of profile shall be acceptable.

Casement window double panels with S.S. friction hinges (300 x 19 x 1.9 mm) made of (small series) frame 47 x 50 mm, sash 47 x 68 mm & mullion 47 x 68 mm all having wall thickness of 1.9 ± 0.2 mm and single glazing bead of appropriate dimension. (Area of window above 0.75 sqm upto 1.50 sqm).

NLUM/AC/PGEC/02/2024/80

Dated 1<sup>st</sup> February 2024

The 2<sup>nd</sup> PGEC Meeting of National Law University Meghalaya was held in online mode on 30<sup>th</sup> January 2024. The following members were in attendance: -

1. Dr. Basil D. Diengdoh, (Asst. Professor, NLU Meg, and Coordinator of the PGEC)
2. Dr. S. Erika Assumi (Asst. Professor, NLU Meg)
4. Mr. Yogesh Mishra (Asst. Professor, NLU Meg)
5. Dr. Ramsong C. Nongpiur (Asst. Registrar, Academics & Secretary to the PGEC)

The agendas of the meeting and the resolutions thereof are listed below on a numbered basis:

1. Discussion on the withdrawal request of the student concerned, namely, Mr. Raunak Shukla

The PGEC has discussed at length regarding the withdrawal of Mr. Raunak Shukla. Raunak Shukla based his withdrawal based on the fact that he was not selected for the visit to Supreme Court of India, for the 75<sup>th</sup> Foundation Day of the Supreme Court of India, held on 28<sup>th</sup> January 2024. Mr. Raunak has made several allegations, implying favouritism and partiality on part of the University regarding the selection process and also implied that this favouritism and partiality extends beyond this particular instance. The PGEC has unanimously refuted these claims by the student and emphasized that the University has always adopted a policy of inclusion and impartiality. The Faculty Advisor, Dr. Basil D. Diengdoh, has clearly stated that the selection for of students for participation in the 75<sup>th</sup> Foundation Day Celebration at Supreme Court of India, New Delhi is based on attendance due to urgency and the intricacies involving the logistics of sending students to New Delhi on such short notice. On the claims that this was not communicated to the student, it should be noted that only selected candidates were communicated regarding the same.

Regarding the withdrawal of Mr. Raunak Shukla, the PGEC has unanimously decided to accept his withdrawal from the Postgraduate Program. The decision to accept the withdrawal is based on student's request.

- 2) The suggestions and concerns raised by the student in question.

The PGEC has taken note of the suggestions and concerns raised by the student and will try to develop even more transparent methods for selection of students for extracurricular events and university representation that may arise abruptly. However, it should be noted that when time is not a factor, the method in place for selection of students for university representation has always been through an open competition to all students.

- 3) Submissions by the FA.

The Faculty Advisor (FA) of the Postgraduate Programme placed before the members the suggestion that an interim period be granted to the student, till a time determined by the PGEC, in case the student reconsiders the decision to withdraw. The student may be communicated that, as suggested by the FA, the student may choose to withdraw/rescind his formal application for withdrawal, through an email. If the student does not do so till the time granted by the PGEC, the process for the formal withdrawal of the student from the programme can be initiated by the competent authority. With regards the suggestions and feedback of the student, the FA has duly taken on board the same with utmost seriousness.

The suggestion of the FA was discussed at length. However, The PGEC decided to favour the student's request for withdrawal.

4) Decision(s), if any, of the PGEC.

a. The PGEC has decided to accept the withdrawal of Mr. Raunak Shukla from the PG programme.

**Subject:** Final Notice of Escalation to External Authorities.

Dear Honorable Vice Chancellor,

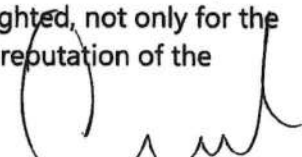

I hope this message finds you well. I am writing to inform you of my final decision to escalate my unresolved grievances to appropriate external authorities, following the absence of a satisfactory response or resolution from the university. While I am thankful for the university's acceptance of my withdrawal request, I must express my deep disappointment in the reasons that have compelled me to take this step.

I do not wish to remain associated with an institution that, in my experience, has demonstrated a practice of favoritism and instances of ignorance or negligent behavior towards genuine student concerns. These issues, which I have detailed extensively in previous communications, include but are not limited to, a lack of transparency, accountability, and neglect of student welfare, leading to significant mental and physical distress on my part.

The decision to escalate these matters to external authorities is not one I have made lightly. I had held out hope for an internal resolution that would acknowledge and address my grievances in a manner reflective of the university's stated commitment to fairness and student well-being. However, the lack of engagement and the dismissive handling of my concerns have left me with no alternative but to seek intervention from outside the university system.

I am grateful for the formal recognition of my withdrawal, as it reaffirms my belief that disassociating from an environment that actively undermines its own principles is in my best interest. It is with a heavy heart that I proceed with this external escalation, but I do so with the hope that it will prompt a re-evaluation of the practices and attitudes that have led to my and potentially others' distress.

Thank you for your attention to my situation thus far. It is my sincere hope that the university will take meaningful steps to address the systemic issues that have been highlighted, not only for the benefit of current and future students but also to uphold the integrity and reputation of the institution itself.

Sincerely,  
Raunak K. Shukla

**Subject:** Request for Comprehensive Response, Accountability, Full Refund of Academic Fees, and Addressing Unresponded Communications

Dear Honorable Vice Chancellor,

I am compelled to write to you again, amidst growing concerns over the handling of my previous communications by the university's administration. Despite multiple reminders, there has been a conspicuous lack of response to my emails, which detailed significant grievances regarding the administration's actions and their impact on my academic and personal well-being. This failure to address or even acknowledge my communications further exacerbates the sense of neglect and disregard I have experienced.

The selective engagement with the issues I have raised, characterized by overlooking certain critical aspects while narrowly focusing on others, is deeply troubling. Such an approach not only undermines the severity of my concerns but also reflects a worrying trend of inattention and lack of accountability within the university's governance structures.

In light of the dismissive and, at times, entirely absent responses to my grievances—including those related to statements made by the Assistant Registrar and unprofessional behavior by faculty and administrative members—I must reiterate my demand for a detailed and comprehensive explanation that addresses all the issues I have brought to your attention.

Moreover, the distress and adverse health effects I have suffered as a direct result of these administrative attitudes and decisions necessitate immediate and serious consideration. My academic journey and personal health have been significantly compromised, leading me to also formally request a full refund of my academic fees. This request stems from a reasonable expectation of a conducive learning environment, which has been markedly absent in my experience.

Furthermore, the failure to address my previous emails, despite multiple reminders, adds another layer of urgency to my request for a comprehensive response. This neglect not only signals a lack of administrative efficiency but also a disregard for student welfare and concerns.

I, therefore, expect a response that is not only timely and thorough but also reflective of a genuine commitment to rectifying the issues at hand, including the provision of a detailed explanation for the lack of previous responses, accountability for the actions taken by the university's administration, and the processing of my request for a full refund of my academic fees.

Thank you for your immediate attention to these matters. I await a prompt, detailed, and constructive response that acknowledges and addresses the full spectrum of my concerns.

Sincerely,

Raunak K. Shukla

**Subject:** Formal Grievance and Request for Academic Fee Refund

Dear Honorable Vice Chancellor,

I hope this message finds you well. I am writing to express my profound concerns and distress regarding the treatment and communication—or the lack thereof—I have experienced from the university's administration, specifically from the Assistant Registrar Academic. My recent encounter with the Assistant Registrar has compelled me to bring these matters directly to your attention.

On 5th Feb 2024, I approached the Assistant Registrar to discuss the decision made by the Postgraduate (PG) Faculty Advisor regarding the apparent failure to communicate a crucial message to four PG students, a task that the Undergraduate (UG) Academic Coordinator managed to accomplish with around fifty students. I sought clarification and questioned the rationale behind such disparate communication efforts between PG and UG segments. Alarming, I was met with a response that decisions made by the university's administration are beyond questioning. This statement is not only disheartening but also fundamentally contradicts the principles of accountability and transparency that should hallmark an educational institution.

The notion that administrative decisions affecting students' well-being and academic experience cannot be scrutinized is deeply troubling. It is imperative to remember that a university thrives on dialogue, critique, and improvement, not on unilateral decisions made without regard for their impact on the student body. My concerns stem not from a place of defiance but from genuine distress and the adverse effects I have endured as a result of these administrative actions. The assertion at the beginning of the academic year that attendance for PG students, especially those engaged in research, would not be critical—only for this to be seemingly disregarded—highlights a concerning lack of consistency and transparency.

Furthermore, the Assistant Registrar's evasion of direct responses to my queries, focusing instead on the manner of my communication (email versus a telephone call or in-person visit), is perplexing and unhelpful. His failure to recall the contents of my email while remembering unrelated details such as my participation in the CLAT PG exam underscores a disconcerting neglect for student concerns and queries.

The cumulative effect of these experiences has not only caused me significant mental anguish but has also manifested in physical health issues, including a notable weight loss and frequent nosebleeds, which I have previously reported to both you and the faculty advisor. These are serious indicators of the stress and distress caused by the university's decisions and their handling by the administration throughout the trimester(s) and in the subsequent break.

Given the severity of these issues and their impact on my health and academic experience, I am formally requesting a full refund of my academic fees. I believe this is a reasonable demand considering the circumstances, and I look forward to a timely and constructive response from your office.

Thank you for your attention to this matter. I remain hopeful for a resolution that acknowledges the seriousness of these concerns and takes steps towards rectifying the situation.

Sincerely,  
Raunak K. Shukla

**Subject:** Re: Formal Withdrawal from National Law University, Meghalaya - LLM Corporate Law Program

Respected Sir/Ma'am,

Thank you for your email confirming the provisional approval of my request to withdraw from the Postgraduate Programme by the Postgraduate Evaluation Council (PGEC). I acknowledge the decision and am prepared to proceed with the next steps as required.

However, I must express my disappointment that the communication did not include specific details regarding the 'necessary formalities' that I am expected to complete to finalize my withdrawal. The absence of such critical information exemplifies the lackluster and half-hearted approach that has significantly contributed to my decision to withdraw. For the sake of clarity and

efficiency, I kindly request that all future communications, including the required actions on my part, be detailed in email correspondences.

Moreover, in light of the concerns and grievances that I have previously raised, I would appreciate an update on the measures the university has implemented to address such issues of unprofessionalism within its administration and academic processes. Understanding the steps taken to rectify these matters is crucial for me and, I believe, would be beneficial for the improvement of the university's environment and its reputation.

I kindly urge you to provide a comprehensive outline of the formalities needed to complete my withdrawal process at the earliest. Additionally, an explanation of the actions taken to address my grievances would be highly appreciated.

Thank you for your attention to these matters. I look forward to your prompt and detailed response.

Sincerely,  
Raunak K. Shukla

Dear Sir/Ma'am,

I hope this message finds you well.

I am writing to follow up on the previous emails in this thread. Your attention to these matters would be highly valuable and much appreciated. I understand the demands on your time but, I aim to ensure that all necessary actions are taken efficiently and effectively.

If I do not receive a response within a reasonable timeframe, I will assume that my request to withdraw has been implicitly accepted. However, I am hopeful for your prompt attention and am here to provide any additional information or clarification as needed.

Thank you very much for your assistance and understanding.

Best regards,

**Subject:** Re: Formal Withdrawal from National Law University, Meghalaya - LLM Corporate Law Program

Dear Sir/Ma'am,

I hope this email finds you well. I am writing to follow up on my previous communication regarding the selection criteria for the Supreme Court program and to address an additional concern that has arisen in light of the response I received.

Over the course of my tenure at the university, I have taken on significant responsibilities outside of academic requirements, particularly in terms of student welfare. On numerous occasions, I have accompanied juniors to hospitals during late-night emergencies and other urgent situations. This commitment to the well-being of my fellow students has been a priority for me, despite the challenges it presents alongside my academic pursuits.

Given the recent explanation that students were selected for the Supreme Court program based on attendance, I find it ironic and somewhat disheartening. This rationale, which appears to be a hastily constructed justification.

In light of this, I would like to suggest that if attendance is to be considered so critical in determining opportunities and responsibilities, perhaps those with perfect attendance should also be encouraged to play a more active role in supporting fellow students in times of need, as I have done.

I bring this to your attention not out of bitterness, but to highlight the need for a more holistic approach in evaluating student contributions and assigning responsibilities or opportunities. A system that narrowly focuses on attendance, especially when applied inconsistently, overlooks the diverse ways in which students contribute to and enrich our university community.

I hope this perspective will be considered in future decisions and that a more comprehensive and fair approach will be adopted in recognizing student contributions. I look forward to your response and any steps the university may take to address these concerns.

Thank you for your time and understanding.

Kindly acknowledge the withdrawal email and let me know the process of it.

Sincerely,  
Raunak K. Shukla

**Subject:** Re: Formal Withdrawal from National Law University, Meghalaya - LLM Corporate Law Program

Dear Sir/Ma'am,

I am writing to express my concerns and seek clarification regarding the selection criteria used for the recent opportunity to attend the program at the Supreme Court of India on January 28, 2024. Upon inquiring about why I was not informed of this opportunity, I was told that the selection was based on attendance. While this criterion might seem reasonable at first glance, I believe its application has been inconsistent and not transparent.

I have observed that several students, who have been absent more frequently than I have, were selected to attend the program. This observation directly contradicts the stated criteria of attendance and raises questions about the fairness and integrity of the selection process. Additionally, it has been communicated to postgraduate students, including myself, that attendance is largely a formality and does not carry significant weight, especially considering our commitments to research and other academic activities outside the classroom.

This discrepancy between what is communicated and what is practiced is concerning. It not only undermines the trust in the university's processes but also suggests a lack of transparency in how decisions are made and communicated. The lack of a clear and consistent policy on such matters is troubling, especially in an academic institution where fairness and equality should be paramount.

Moreover, regardless of the criteria used for selection, the fundamental issue of failing to communicate with all students remains unaddressed. Every student deserves the opportunity to be considered for such programs, and at the very least, to be informed about them. The exclusion of certain students without clear communication or justification is not in line with the principles of an inclusive educational environment.

I would appreciate a thorough explanation of the selection process used for this program and an assurance that future opportunities will be communicated to all students in a fair and transparent manner. Additionally, I would like to understand how the university plans to address these discrepancies and ensure that such issues do not recur.

Thank you for your attention to this matter. I look forward to a prompt and clarifying response.

Sincerely,  
Raunak K. Shukla

**Subject:** Formal Withdrawal from National Law University, Meghalaya - LLM Corporate Law Program

Dear Sir/Ma'am,

I am writing to inform you of my decision to withdraw from the LLM Corporate Law program at the National Law University, Meghalaya, effective immediately. This decision comes after careful consideration and is driven by a series of disappointments and concerns that I have encountered during my time at the university.

A significant factor in my decision is the clear lack of communication I have experienced, particularly highlighted by a recent incident. I have come to know that my classmates were informed about an opportunity to attend a program at the Supreme Court of India on January 28, 2024, while I was completely left out of this communication. Not receiving an invitation or even a notification about such an important event is not only disheartening but also raises serious questions about the inclusivity and fairness of the university's approach to student opportunities.

Furthermore, I have observed blatant favoritism within the university, which undermines the values of equality and impartiality that should be inherent in an academic institution. This favoritism creates an environment that is not conducive to fair learning and professional development.

The university's failure to release results for two continuous trimesters has left me and many of my peers in a state of uncertainty regarding our academic standing. The lack of a clear rechecking policy only adds to this confusion and is unacceptable in an academic setting.

Despite my commitment, demonstrated by arranging travel from thousands of kilometers away to attend a workshop next month when the university is not in regular session, the lack of engagement and acknowledgment from the university's end is extremely disheartening. This shows a one-sided effort and a lack of respect for the student body.

I must also express my dissatisfaction with the university's responsiveness, or lack thereof, to emails. This sporadic communication is not only frustrating but also professionally unacceptable.

Should there be any personal issues or misunderstandings between myself and the university, I would appreciate open communication about them. An academic environment should foster transparency and dialogue, and it is regrettable that this has not been my experience.

As part of my withdrawal, I kindly request the refund of my security deposit. The details for the refund are as follows:

- Bank Name: AXIS Bank
- Account Number: 918010010519188
- IFSC Code: UTIB0002037

I trust that this matter will be addressed with the seriousness and urgency it deserves. I look forward to a prompt response and the swift processing of my security deposit refund.

Thank you for your attention to these matters.

Sincerely,  
Raunak K. Shukla
